Never just drive.

Created to put a smile on your face every time you get behind the wheel, the IONIQ 5 N is Hyundai's first all-electric N model – and it has already earned recognition including TopGear.com's Car of the Year 2023, EcoCar Electrified Top 50 2025, and the World Car Awards. IONIQ 5 N aims to take pure, unfiltered driving fun to a whole new level.

Designed for performance.

Electrifyingly iconic.

Like the award-winning IONIQ 5 it is derived from, IONIQ 5 N's pure design is a refreshing take on electric vehicles, stripping away complexity to celebrate clean lines and minimalistic structures. It is enhanced with motorsport-inspired design elements engineered to maximise the performance of this powerfully agile masterpiece.

Performance-enhancing design elements.

Wing-type spoiler.

IONIQ 5 N features a wide range of additional performance-enhancing design elements like the wing-type N spoiler, which maximises the track driving potential of this iconic high-performance electric vehicle.

21" forged alloy wheels.

Big and bold, the forged 21” aluminium wheels make a powerful statement while improving handling. The aerodynamically-optimised rear diffuser features eye-catching Luminous Orange accents.

Smile, this is going to be good.

Feel the shifts and hear the acceleration.

Experience an electrifying ride like no other with the only high-performance electric vehicle on the market that provides shift feeling and sound – for driving feedback that will put a smile on your face every time. Our N e-Shift technology gives you a sense of control over power delivery and that jolt feeling between shifts. N Active Sound+ utilises 10 interior and exterior speakers that react dynamically to how you're driving so you can truly feel and hear your drive.

Amping up N performance.

Supercharge your weekends on the track with next-level performance. IONIQ 5 N is amping up N performance in an electrifying new way.

Rediscover the thrill of driving.
With a top speed of 260kmh and the ability to go from 0-100kmh in 3.4 seconds – this electric vehicle has been created so that you can push your inner race car driver even further.

Dream of drifting?
We've created N Drift Optimizer to make your dreams come true. Because with our drift mode technology, anyone can drift like a pro on a racetrack.

Discover more

Take excitement to a new level.

High-tech motorsport inspired cockpit.

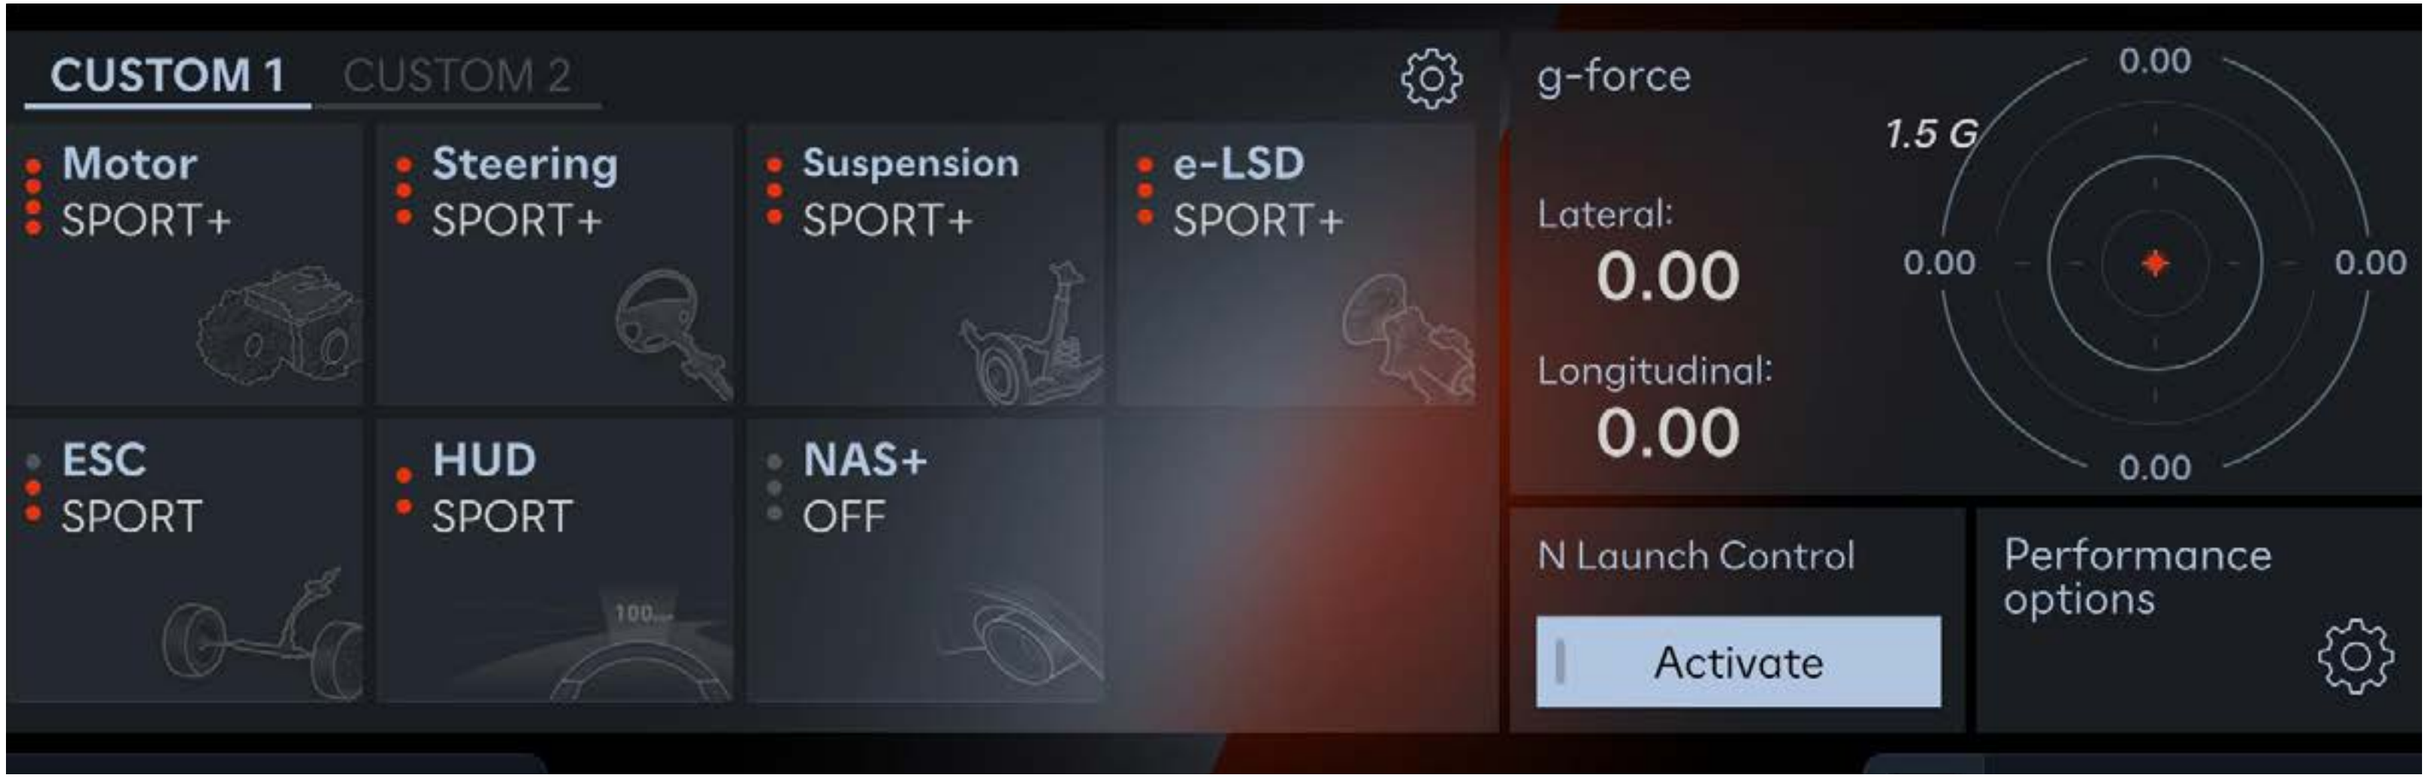

The performance cockpit is designed with one goal in mind – to make every drive an exhilarating experience. The leather N steering wheel provides excellent grip and direct access to driving performance features like the paddle shifters and the N Grin Boost button* – Press it to enjoy increased torque and power up to 770Nm / 650 PS.

The sporty pedals are optimised for foot contact in track driving scenarios that involve oversteer and power slide – reducing the risk of foot slippage in two-foot driving.

*For track use only

Customise your performance and comfort levels.

More performance or more comfort? You choose. Truly a sports car for every day, IONIQ 5 N provides blistering, thrilling, edge-of-your-seats performance – complemented by balanced day-to-day commuting comfort – at the push of a button. Brace yourself.

With a car as utterly capable of delivering pure unadulterated thrills like the IONIQ 5 N you'll have to get used to one thing: Driving with that classic N grin on your face. Bristling with new technologies and elevated racetrack capability, several exclusive features aid track performance such as: N Grin Boost, N Launch Control, N Battery Preconditioning and N Race.

Roomy and flexible cargo space.

Sporty style meets exquisite comfort.

N Bucket Seats.

Welcome to the best seats in the house. Seen here in a luxurious recycled poly Alcantara and Leather finish, they feature illuminated N logos that light up to welcome you when you open the door.

Versatile and comfortable rear seats.

Enjoy plenty of space for all your gear with 480 litres of boot space, which increases up to almost 1,540 litres when the second-row seats are fully folded. For added versatility, they also fold in a 6:4 ratio.

Convenience highlights.

High-speed wireless charger pad.

Track-optimised centre console.

USB C front and rear.

Digital Center Mirror.

Intuitive connectivity.

The beauty of big screens and seamless integration.

Seamlessly integrated and intuitively usable, the sleek modular dashboard features two integrated displays: a 12.3" infotainment touch screen and a 12.3" digital cluster for a high tech look that also provides performance driving information at a glance.

Thanks to wireless Apple CarPlay™ and Android Auto™, you can mirror your smartphone apps and music on the big screen, without having to plug in.

Hyundai SmartSense
OF HY800E

Hyundai SmartSense

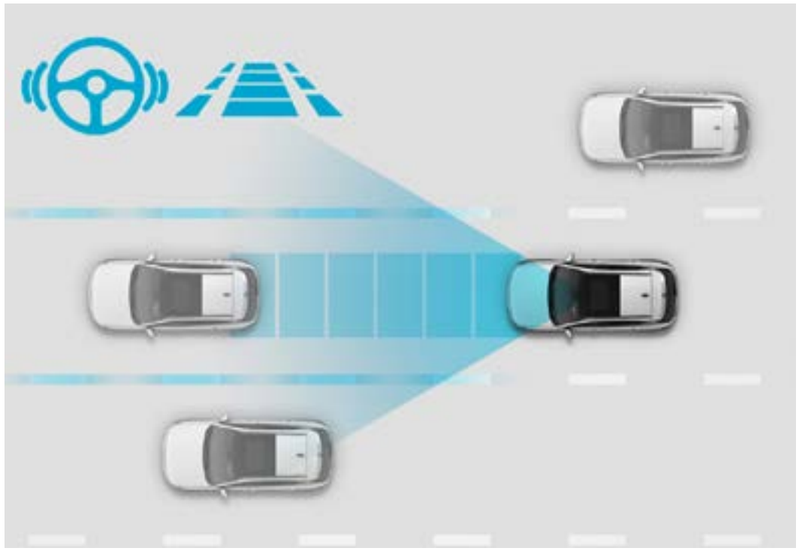

Forward Collision-Avoidance Assist with Junction Turning (FCA-JT).

Sensing the road with radar and a camera, the system automatically brakes when it detects sudden braking by the car ahead, or pedestrians and bikes on the road.

Blind Spot Collision-Avoidance Assist (BCA).

Delivering more safety in dense traffic, BCA will warn you and automatically apply the left or right brakes and control the steering when a vehicle is detected in your blind spot and you begin to change lanes.

Smart Cruise Control (SCC).

Hyundai's autonomous driving technology enables your car to steer, accelerate and brake automatically. It keeps you centred in lane and at a safe distance behind the car ahead.

Discover more

N Driving Fun.

High-performance 84 kWh battery.

Providing up to 448km of range, IONIQ 5 N lets you enjoy faster charging and increased range thanks to Hyundai's ground-breaking Electric Global Modular Platform. Featuring a larger, more powerful battery than the award-winning IONIQ 5 it was derived from, this high-performance electric vehicle is the first vehicle to be equipped with Hyundai's fourth generation 84 kWh battery, which features several technical improvements like increased energy efficiency for stronger power output, spinning the electric motors up to 21,000 RPM. Power output is a blistering 448 kW /609 PS and can be increased to 478 kW /650 PS with N Grin Boost.

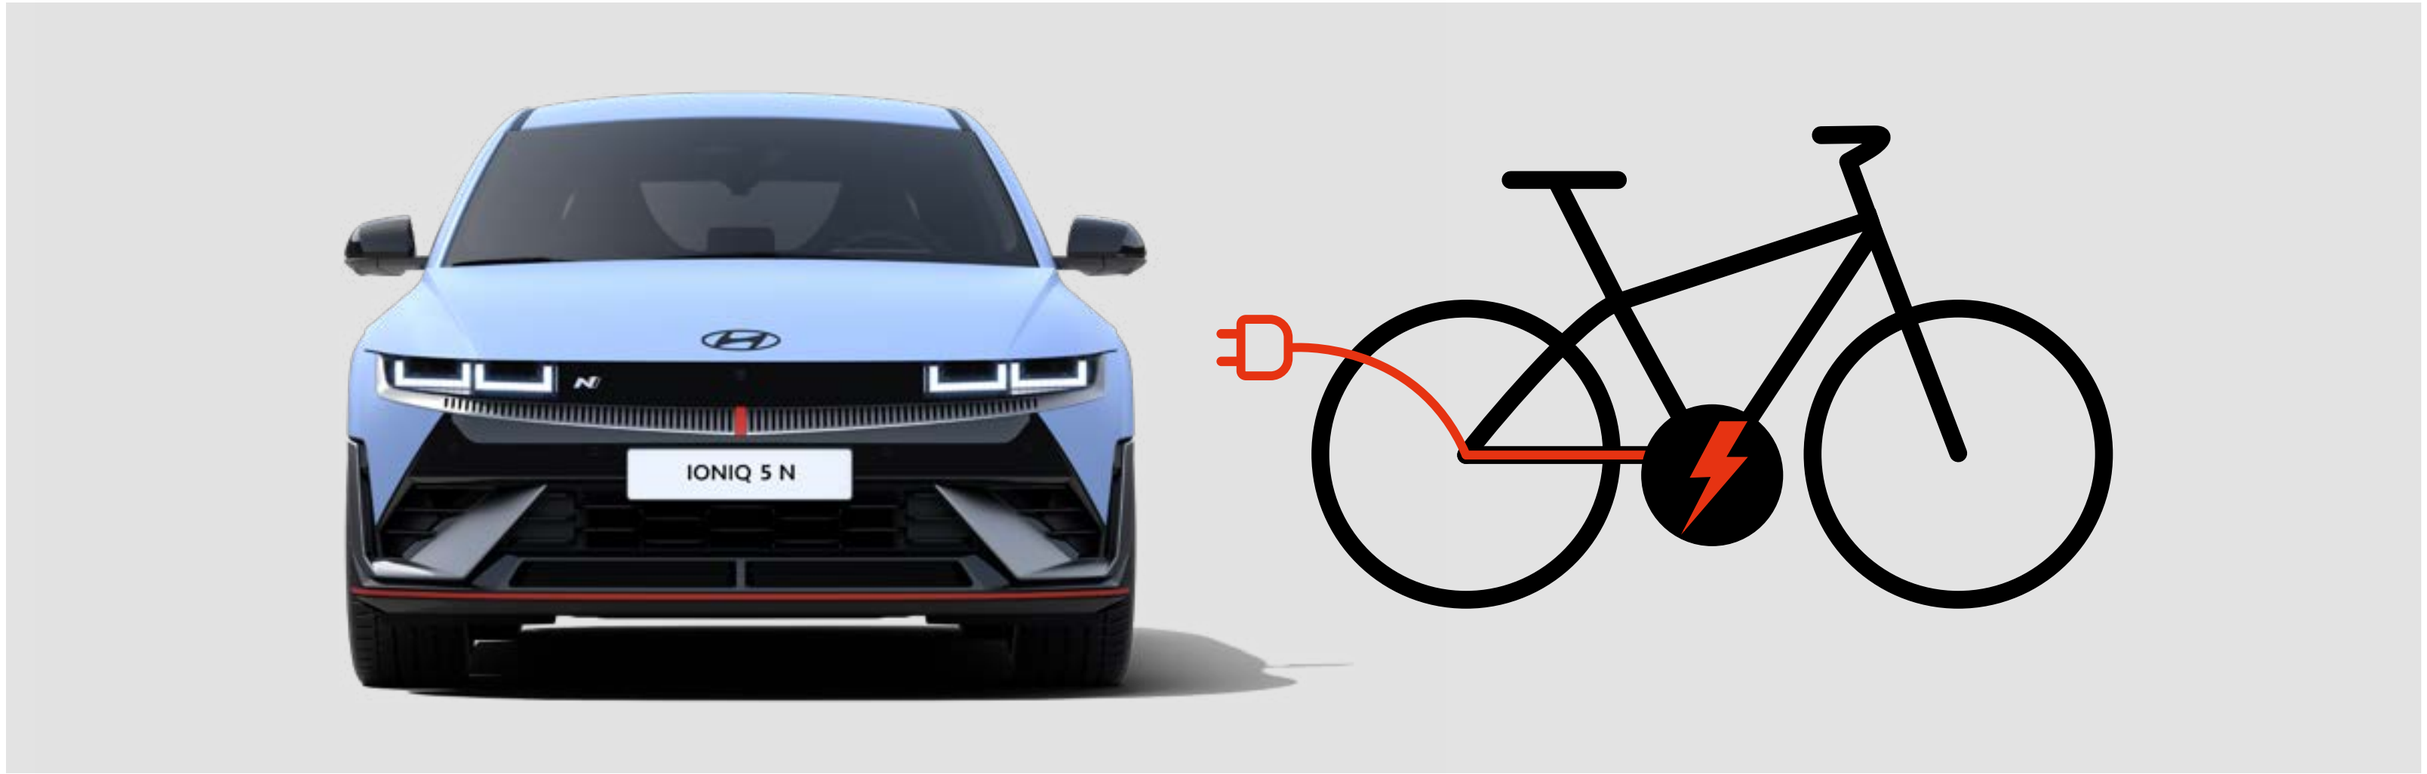

Ultra-fast charging.

The innovative 800V battery technolgy in the IONIQ 5 N delivers competitive charging times 18 mins 10% to 80% with a 350 kW DC ultra-fast charging station.

Or you can charge at home at a wallbox overnight or top up at a grocery store when shopping – the powerful 10.5 kW on-board charger also gives you a range of flexible possibilities for AC charging.

Vehicle-to-Load technology.

IONIQ 5 N supports a sustainable electric mobility lifestyle with its innovative Vehicle-to-Load tehcnology (V2L), which lets you freely use or charge any electric device up to 3.6 kW, such as electric bicycles, scooters or camping equipment – while on the move or on location.

Express yourself.

Choose from ten exterior colours, including two Ecotronic hues which utilise bamboo charcoal pigment paint, an alternative to virgin petro-based pigment paint. Natural materials are used extensively throughout the IONIQ 5 N.

Interior colours.

The sleek interior features Performance Blue contrast stitching and the new checkered flag theme – a track-inspired riff on IONIQ 5's iconic Parametric Pixels – on the door scuff panels, metal pedals, and footrest. The N Bucket Seats are recycled poly Alcantara and leather finish.
